SUBJECT: All-way stop signs at the intersection of Baker Street & Borreson Street

On May 17th, 2005 the Clairemont Mesa Community Planning Committee voted to approve the community's request to install all-way stop signs at the corner of Baker Street and Borreson Street. Due to the fact that the intersection did not meet criteria for all-way stop signs, the City's Traffic Engineering Department denied requests for them. After a significant number of signatures from affected residents was collected, the concerned neighbors exercised their right to appeal this decision to the local planning committee. The Clairemont Planning Committee voted unanimously to approve the request.

Given the strong community support on this issue, I respectfully request that these stop signs be installed as soon as possible.
